

Entrepreneurship in the wake of financial crashes?

- Does financial hardship make people more entrepreneurial?

Norway experienced financial crashes in 2008, 2012, 2014, and in 2016. Is there a correlated increase in companies registered after these?

Datasets:

- **Stock Prices of Oslo Børs**
(financial status, exponential average, relative strength index)
- **National register of companies**
(new registrations of companies, bankruptcies)
